FlashCut **Easy** 888 L35

SIMPLE, COMPACT AND VERSATILE KNIFE CUTTING SYSTEMS

The wide working area together with two independent cutting heads make the **FlashCut Easy 888 L35** a mass production cutting system. Thanks to its ergonomic design, its double working area and friendly use, this model is extremely efficient for cutting a wide material range: soft leather and hard leather for soles. Best solution for footwear and leather goods.

ATOM

DOUBLE CUTTING HEADS

The proved cutting and punching speed of Atom tables, applied to two independent heads of the EASY 888 L35, assure unbeatable output and excellent flexibility.

HIGH BRIGHTNESS PROJECTORS

High brightness overhead projectors assure clear visualization of any material or color in any environment.
Using LED lamps they grant high brightness, stability in power projection, low maintenance and long life.

5- OR 7-TOOL CUTTING HEAD

To satisfy any cutting need, the Easy tables can cut with 5- or 7-tool heads, which can be equipped with a wide range of cutting chucks, marking pen and 3 or 5 punching tools, adjustable and rotating, with high punching frequency. The powerful Venturi system can be fitted for cutting scraps suction.

ACQUISITION SYSTEMS

This model can be combined with off-line leather acquisition systems (mod. Intelliview) equipped with digital pen for quality areas marking.

TWO CUTTING AREAS

Two independent working areas allow the operator to collect the cut pieces, prepare the next job on one half of the table, while the machine is cutting on the other half, thus saving manpower.

TECHNICAL DATA

AVAILABLE MODELS	WORKING AREA (mm)	MAX. ABSORPTION (kW)	SIZES (mm)	WEIGHT (Kg)
FlashCut Easy 888 L35	3500x1000	13,5	4490x2500x2805h	1526
